## CLAY-COATED PAPER FLOOR MATS

Premium Clay-coated paper floor mats used in place of plain paper floor mats at a comparable price. Clay-coating gives paper mats superior strength over 60# paper mats.

- 55# Clay-coated premium paper.
- Clay-coating gives paper mats greater strength than plain 60# offset paper mats.
- Useful design: Black and gray "Footprint" graphic with the words YOUR BUSINESS IS APPRECIATED and Please Drive Safely!
- Used in place of plain paper mats.

**Stock #**    **Size**  
**85-775**    **16.5" x 22" - 500 Mats per box**

## PREMIUM PAPER FLOOR MATS

Made of matte finish 82# PE (polyethylene) coated on one side of the paper. The heavy amount of PE coating makes this mat one of the best water barrier products while the ridged construction helps to better absorb moisture and resist slipping.

The material's unique durability rivals the heavier photo paper mats on the market while additionally providing an absorbent top surface. PE coating is more durable and superior to the standard glossy "poly back" which is normally a water resistant acrylic coating that breaks down sooner than the PE coating.

- Useful design: "Footprint" graphic with the words YOUR BUSINESS IS APPRECIATED and Please Drive Safely!
- Very strong and absorbent - designed to outlast acrylic poly-back and photo paper mats.
- Absorbent top layer of 60# paper laminated to a thick 22# layer of durable polyethylene.
- Ridged profile for better water absorption and to minimize slipping.

**Stock #**    **Size**  
**85-776**    **16.5" x 22" - 250 Mats per box**

## 7" SPEEDY FOAM® COOL-IT™ CURVED EDGE PADS

COOL-IT™ pads have a specially designed pattern cut in the foam which opens up as the polishing machine is in operation relieving pressure on the painted surface to "COOL-IT™". This traps excess polish & compound and keeps the surface lubricated to help prevent swirls, paint burning, separation and greying. COOL-IT™ pads are available in yellow, white, black, green and blue in 7" diameter. Use with backing plate 69-085 and 69-086, see page 38 in our 2009 catalog for details.
